

TIPS TO MEASURE YOUR FEET, IT'S SUPER EASY!

PRINT AND MEASURE

Print the next page of these instructions, ensuring that the print is at **100% scale**. You can **check that the proportions are correct** by placing a credit card over the template in the next page.

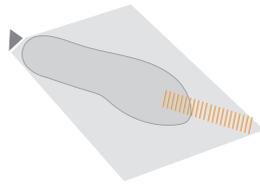

01

Wear a pair of socks that you usually use

02

Fold the sheet and place it on a flat surface

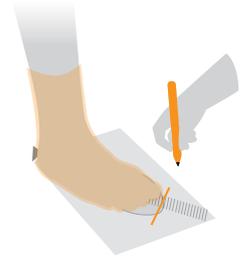

03

Place your foot on the template, aligning your heel with the dotted line

04

Trace on the sheet the length of your foot

CONSULT THE TABLE

By measuring the length of your foot in centimetres you can **obtain your shoe size by consulting the table**.

WOMAN

Length mm	229	235	242	249	255	262	269	275
Width mm	79	81	82	83	85	86	88	89
Size	35	36	37	38	39	40	41	42

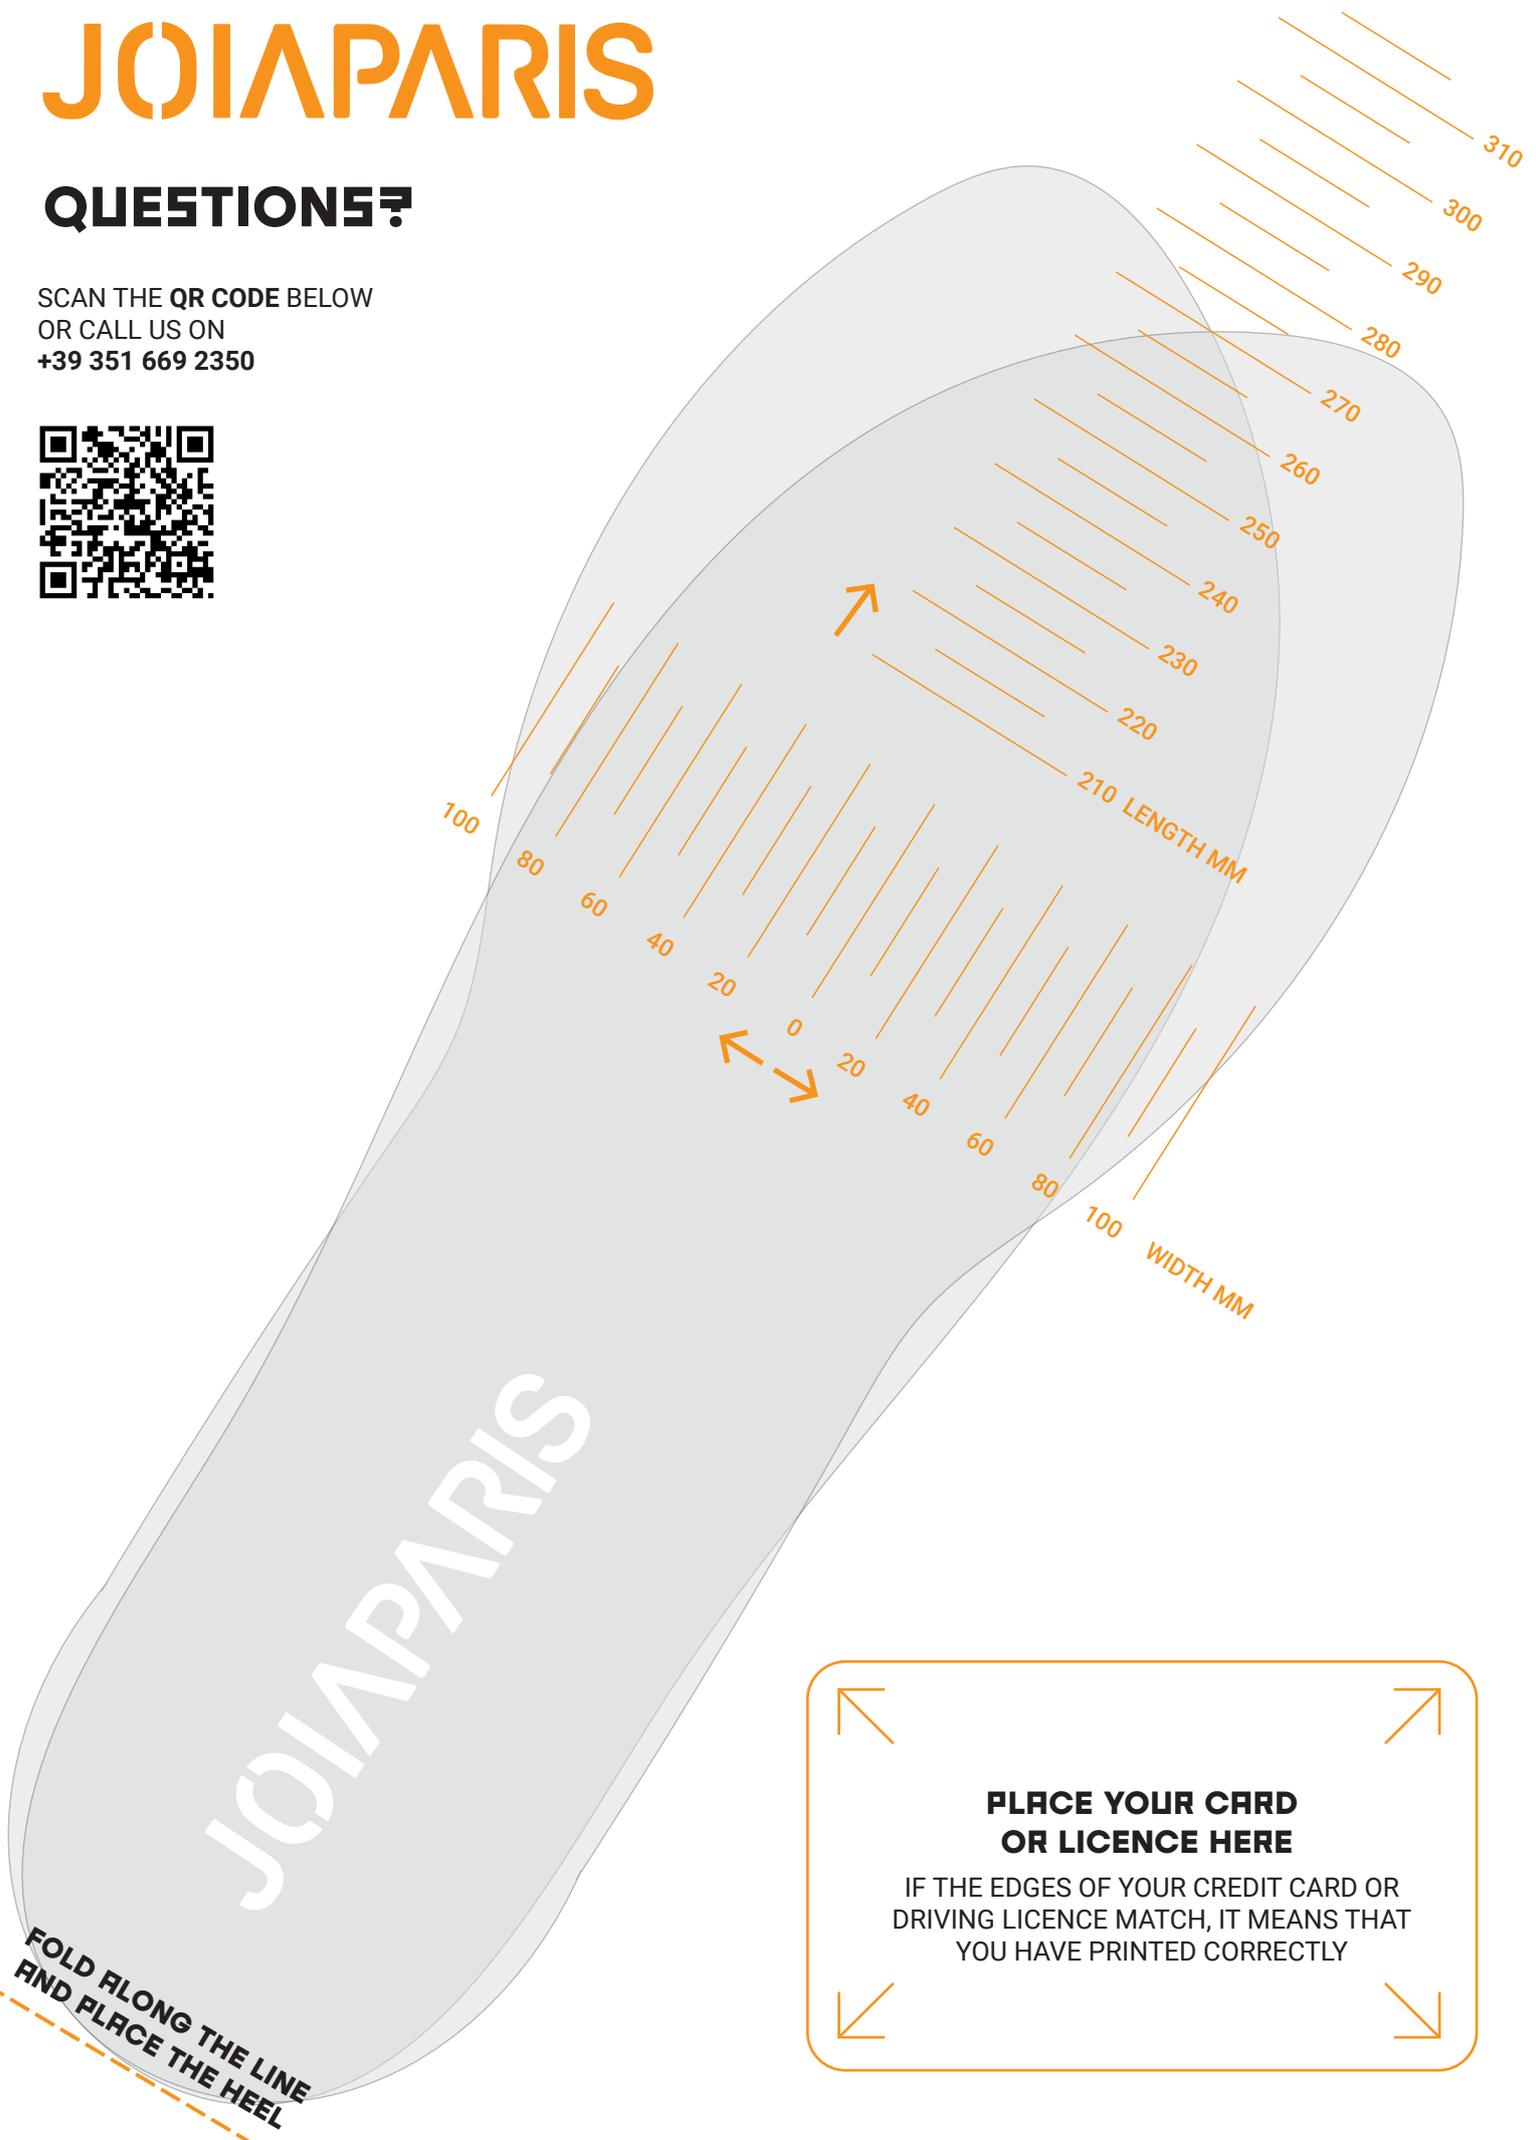

MAN

Length mm	255	262	268	275	282	288	295	302
Width mm	88	89	91	92	93	95	96	98
Size	39	40	41	42	43	44	45	46
